EXISTING CARBON FOOTPRINT CALCULATORS

The image shows a screenshot of a carbon footprint calculator interface. A large red rectangular overlay with the text "ONLY FLIGHTS" in white, bold, sans-serif capital letters is centered over the form. The form itself has a blue header with three sections: "One Way/Round Trip", "Cabin Class", and "Number of Passengers". Below the header, there are input fields for "Round Trip", "Cabin Class", and "Number of Passengers". At the bottom of the form, there are two tabs: "Metric (KG / KM)" and "Standard (LBS / MI)". Below the form, there is a stylized world map with green landmasses and blue oceans.
